

WALK-IN-INTERVIEWS

Acharya N. G. Ranga Agricultural University (ANGRAU)

Institute of Biotechnology (IBT)

Rajendranagar, Hyderabad-30

The following positions are available in the Institute of Biotechnology, Rajendranagar. The posts are temporary and can be terminated at any time.

Date of Interviews : 18.12.2012

Time : 9.30 AM.

Place of Interview : Institute of Biotechnology, ANGRAU, Rajendranagar

Details of project positions

1. Identification and mapping of dwarfing genes in rice - DST FASTRACK Project

Project Assistant- One (1) @ Rs. 8000/- p.m. (Consolidated)

Essential qualifications: M .Sc Genetics and Plant breeding/ Biotechnology/Life sciences/Plant sciences

Desirable: Minimum one year experience in molecular marker analysis, QTL mapping and rice cultivation

2. Improvement of green gram for yellow mosaic virus using biotechnological approaches

Funding Source : RKVY

Senior Research Fellow –One (1) @ Rs. 10,000/- p.m. (Consolidated)

Essential qualifications: M. Sc (Ag)/M.Sc. Plant Molecular Biology and Biotechnology/ M.Sc. Biotechnology/M.Sc. Life sciences/M.Sc. Plant sciences

Desirable: Minimum one year experience in molecular marker analysis.

Field assistant-One (1) @ Rs. 3800/-p.m. (Consolidated)

Essential qualifications: B.Sc. (Ag)/ B.Sc

Desirable: Field experience for 1year

3. Development of varieties using Marker Assisted Selection in pulses (drought in pigeon pea)

Funding Source : RKVY

Senior Research Fellow-One (1) @ Rs. 10,000/- p.m. (Consolidated)

Essential qualifications: M. Sc (Ag)/M.Sc. Plant Molecular Biology and Biotechnology/
M.Sc. Biotechnology/M.Sc. Life sciences/M.Sc. Plant sciences

Desirable: Minimum one year experience in molecular marker analysis.

Technical Assistant- One (1) @ Rs. 6,500/- p.m. (Consolidated)

Essential qualifications: B.Sc. (Ag)/ B.Sc

Desirable: Lab/Field experience for 1year

4. Development of rice varieties with high water use efficiency for irrigated ecology using biotechnological approach

Funding Source : RKVY

Senior Research Fellow –One (1) @ Rs.10,000/- p.m. (Consolidated)

Essential qualifications: M. Sc Genetics and Plant breeding/ Biotechnology/Life sciences/Plant sciences

Desirable: Minimum one year experience in molecular marker analysis, QTL mapping and rice cultivation

5. Enhancement of yield by pyramiding of genes / QTLs governing yield and its components through marker assisted backcross breeding in rice.

Funding Source : RKVY

Senior Research Fellow – One (1) @ Rs.10,000/- p.m. Consolidated)

Essential qualifications: M. Sc Genetics and Plant breeding/ Biotechnology/Life sciences/Plant sciences

Desirable: Minimum one year experience in molecular marker analysis, QTL mapping and rice cultivation

6. Development of rapid regeneration and genetic transformation methods in major pulses of Andhra Pradesh

Funding Source : RKVY

Technical Assistant-One (1) @ Rs. 6,500/- p.m. (Consolidated)

Essential qualifications: B.Sc. (Ag)/ B. Sc

Desirable: Lab/Field experience for 1year

7. Development of BPH and Blast tolerant fine grain rice varieties

Funding Source : RKVY

Technical Assistants-Two (2) @ Rs. 6,500/- p.m. (Consolidated)

Essential qualifications: B.Sc. (Ag)/ B. Sc

Desirable: Lab/Field experience for 1year

Note: Interested candidates are requested to appear for interview along with C.V., original certificates, experience certificates, testimonials and proof of additional credentials.

The T.A. and D. A. will be met by the candidates only. Any changes will be notified on the University Website.

Date: 01.12.2012

Director

Institute of Biotechnology
