The viva-voce is intended to supplement the written examination for testing the general and specialized knowledge and abilities of the candidate. The candidate will be expected to have taken an intelligent interest not only in his/her own state or country, as well as in modern current of thought and in new discoveries, which should rouse the curiosity of well-educated youth.

The technique of the viva-voce is not that of strict cross-examination, but of a natural, though directed and purposive conversation intended to reveal the candidate's mental qualities and his/her grasp of problems. The Board will pay special attention to assessing the intellectual curiosity, critical powers of assimilation, balance of judgment and alertness of mind, the ability for social cohesion, integrity of character, initiative and capacity for leadership and scientific research.

- (v) There is no provision for maintaining the select panel and therefore, the vacancies against which the recommended candidates do not join will not be filled up. The backlog vacancies will be filled up from the next examination.
- (vi) There is no provision of re-evaluation of the answer script and therefore, no request for re-evaluation of the answer script will be entertained. The Board will not enter into any correspondence in this regard.
- (vii) The form and manner of communication of the result of the examination to individual candidates shall be decided by the Board in their discretion and the Board will not enter into correspondence with them regarding the result.
