M Tech / PhD Programme 2012 Admission

Delhi Technological University (DTU), Delhi, has issued the notification for admission into M Tech and PhD programmes, to be offered in the ensuing academic session 2012-13. The University admits students in the category of Full-Time, Sponsored and Part-Time.

Departments / Courses Offered:

M Tech (Master of Technology Programmes)

Applied Physics

- M Tech (Nano Science & Technology)

Civil & Environmental Engineering

- M Tech (Structure Engineering)
- M Tech (Environment Engineering)
- M Tech (Hydraulic & Flood Control Engineering)
- M Tech (Geotechnical Engineering)

Electrical Engineering

- M Tech (Control & Instrumentation Engineering)
- M Tech (Power System)

Electronics & Communication Engineering

- M Tech (Signal Processing & Digital Design)
- M Tech (VLSI Design & Embedded System)

Electronics & Communication Engineering and Applied Physics

- M Tech (Microwave & Optical Communication)

Mechanical & Production Engineering

- M Tech (Thermal Engineering)
- M Tech (Production Engineering)

Computer Engineering

- M Tech (Computer Science & Engineering)
- M Tech (Software Engineering)

Information Technology

- M Tech (Information Technology)

Applied Chemistry

- M Tech (Polymer Technology)

Bio-technology

- M Tech (Bio-informatics)

Note: For admission to full time course, a valid GATE score is essential. The application form and details regarding eligibility for each course are uploaded on the website: <http://www.dce.edu/>. Separate application forms must be submitted for courses offered by each department.

PhD (Doctorate of Philosophy) Programmes:

Electrical / Electronics & Communication / Computer Engineering Departments

- Electrical Machines and Drives, Power Systems, Control Systems, Power Electronics, Microwave Communication, DSP Micro Electronics Devices, VLSI / Fault-Tolerant Computing, Software Engineering

Mechanical Engineering

- Thermal Engineering, I C Engines, Turbo-machinery, Stress Analysis, Fluid Mechanics, Metal Forming and Foundry Technology, Industrial Engineering, Welding Technology, CNC & Robotics, Technology Management, Flexible Manufacturing and Automation

Civil Engineering

- Structural Engineering, Structural Dynamics, Earthquake Engineering, Water Resources Engineering, Environmental Engineering, Experimental Mechanics

Applied Physics

- Material Science & Superconductivity, Thin-films, Fiber optics and Optical communication and Quantum electronics, Carbon Nano Tube, Photonic Crystal

Applied Chemistry

- Polymer Science & Technology, Material Science and Polymer Composites, Ion-exchange, Electro Chemistry, Synthetic Organic Chemistry

Applied Mathematics

- Graph Theory, Information Theory, Numerical Simulation, Relativistic Cosmological Models, Algebra, Approximation Theory

Humanities

- Applied Economics, Engineering Economics, Labour Market Analysis, Techno- Economics Impact of Education

Management

- Technology Management, Knowledge & Innovation Management, IPR Management, Technology Transfer Management, Supply Chain Management, Management of Information System, Total Quality Management, Productivity Management, Enterprise Management
