GITAM SCHOOL OF ARCHITECTURE

ADMISSION BROCHURE

GITAM UNIVERSITY

GITAM is a premier educational institution in the country having 31 years of track record in teaching and research of global standards. The University is located in two picturesque campuses at Visakhapatnam and Hyderabad spreadover 100 acres each. With a multi disciplinary approach, the University offers 106 programmes at UG, PG and Doctoral levels in - Technology, Science, Pharmacy, Management, International Business and Architecture.

The University provides state-of-the-art infrastructure and well-equipped laboratories together with excellent student support facilities such as modern library, play grounds, hostels, 1000 Mbps bandwidth connectivity etc., The truly cosmopolitan environment in the University campus makes learners across the continent feel absolutely at home.

The University provides a high quality educational experience to students in a diverse learning environment - from classrooms and laboratories to play grounds and campus hostels, all the facilities and amenities are created to meet world class standards. The learner – centered teaching methodology with need based curriculum designed by academic experts prepare GITAM graduates to successfully meet academic or corporate challenges. The stellar research laboratories on the campus provide excellent opportunities for ground - breaking research and consultancy. The academia and industry look up to GITAM University for solutions to problems of the industry and society in several emerging areas.

Recognizing the holistic education the University is imparting, the Ministry of Human Resource Development, Govt. of India ranked GITAM as 'A' category University among the   universities of its kind. The University is accredited by the National Assessment and Accreditation Council (NAAC) with 'A' grade.

B.Arch ₋ 2012

GITAM School of Architecture

(Approved by Council of Architecture, New Delhi)

Gandhi Nagar Campus, Rushikonda,

Visakhapatnam-530 045, Andhra Pradesh, INDIA.

SCHOOL OF ARCHITECTURE

GITAM School of Architecture is established with the main objective of providing worldclass education in architecture. The School offers a five year Bachelor of Architecture (B.Arch) program duly approved by the Council of Architecture, New Delhi. The basic mission of providing architectural education by the School is to create environment friendly inputs through traditional skills, materials and geographical conditions. The School has developed into a nationally recognised centre of learning for architectural education.

The School's core strengths of academic rigor, focus on teaching – learning, specialization of faculty, handpicking of teaching talent and involvement of leading practicing architects in design teaching, have been endorsed by professionals and academicians alike.

The School is an elite institution with the state-of-the-art infrastructural facilities, modern laboratories and student support services coupled with dedicated and experienced faculty. The skills and expertise imparted by the School enrich the students and help moulding them into creative, innovative and intellectually vibrant architects of the future. Further, the School focuses on research and development in designing the buildings, structures, interiors, etc., by enhancing aesthetic values and reflecting the cultural sensibilities of the society across the globe.

The curriculum addresses principles of design concepts, materials, construction system, planning and visual judgment which are fundamental for development of the creative process in Architecture. The curriculum is thus designed to encompass the core course-work covering foundation knowledge, skills and vocabulary, while upper-level study seeks a broader understanding of architecture by combining theoretical exploration with practical considerations. Field studies help students to understand human activities, behavior and the value of space inside and outside and the details to be incorporated in the design.

The School is the first choice of the students from many States for pursuing quality education in Architecture.

State-of-the-art Infrastructure

The well-planned campus of the School provides ample space for lecture halls, design studios, audio visual seminar halls, staff rooms, departmental library, multi–purpose hall, students' common room (including a separate ladies' common room), hobby workshop and many other facilities exclusively designed for Architecture programs.

Studios

The design studios form the core of design teaching. The School has established modern design studios which are used by the students as a home base for group discussions, design reviews and all other core activities. The studios are equipped with latest drawing boards and storage facilities.

An art studio with all the necessary facilities is well established in the School of Architecture to carry out freehand drawings and develop all related sketching skills. . With the guidance of faculty members, the students create and showcase murals, sculptures and paintings in a built environment in and around the School .

Laboratories / Workshops

Computer lab comprises of state-of-the-art workstations along with high graphic processing capability and related software.

Model making workshop is equipped with all the latest equipment and material.

Photography lab is provided with high definition cameras and lighting system.

Climatology lab is endowed with high-end scientific equipment to calculate and identify the need of climatic changes.

Material Museum displays latest upcoming materials in the market relating to water supply, sanitation, electrical and mechanical fixtures in the field of construction industry.

Audio Visual & Seminar Hall

An air-conditioned Audio Visual & Seminar Hall in the School has 200 seating capacity with the latest LCD projector equipment, which is used to conduct important seminars / workshops and presentation of guest lectures by practicing architects and other professionals in the field of Architecture.

Faculty

The main strength of the university is its dedicated and committed faculty numbering over 670 in various disciplines both at Visakhapatnam and Hyderabad campuses who nurture the budding professionals through effective teaching. ICT based methods are extensively used. Most of the faculty have hands-on experience in industry and research organisations. The faculty have undertaken a number of research projects sponsored by various funding agencies, and also offer consultancy to major industries across the country. In adition to the regular faculty, the university is inviting visiting faculty from industry and research institutes to teach specialized courses.

Tie-ups with Foreign Universities

The University has entered into several tie-ups and collaborations with prestigious institutions in India and abroad. These include tie-ups with West Virginia University (USA), University of Glasgow, SUNY (B), Central Michigan University, University of Nebraska, Burgundy School of Business, Southern Polytechnic State University, etc. The University also has tie-ups with several multi-national corporations - IBM, Ericsson, Oracle, Intelli Group, TCS, HCL, WIPRO - to impart training in IT skills to the students at the university campus.

Central Library:

A fully Air Conditioned central library popularly known as Knowledge Resource Centre is provided with all modern facilities like Internet, Digital Library and E-learning centre. The Library has a rich collection of 11.60 lakh books and e-learning resources, periodicals, national and international journals. It is provided with Info-Net service that facilitates online access to e-books and e-journals.

World Class Data Centre:

GITAM has a Data Centre (Central Computing Facility) housing a Super Computer capable of delivering 1.5 Teraflops (1.5 Trillion Floating Point Operations per second), an enterprise-class Unified Storage of 70 Terabytes (expandable to one petabyte – 1000 terabytes), 60 high-end servers most of which are virtualized with VMware – Enterprise+ with implementation of Cloud Computing. The network at GITAM is a world-class network with 10G backbone and a sophisticated high-end WiFi network covering the entire campuses, both at Visakhapatnam and Hyderabad, which is capable of streaming live and on-demand video lectures to thousands of students. The wired and securely managed Wi-Fi networks together are capable of serving up to 15,000 simultaneous clients. The network is connected to the Internet at a blazing speed of 1Gbps (1000 Mbps).

Campus Amenities:

The day-to-day needs of the student community are well taken care of by the amenities provided on the campus like day care health centre, Union Bank of India and Indian Bank with ATM, Post office, Book Store, Photo Studio, Travel Agency, Beauty Parlor, Sub-Way and Food Courts.
