Master of Hospital Management

Two Years Full-time (Grant-in-Aid) Programme

As Health Care and Hospital are increasingly privatized, there is a greater need for not only skillful doctors but also efficient Hospital Administrators. Rising Hospital Management Costs, an aging population, a shortage of healthcare workers, challenges in accessing services, timely availability of information, issues of safety and quality, and rising consumerism are some of the facts of today's healthcare system. It entails greater importance of Hospital Administrators & Professionals.
