Late applications will not be entertained.

About MLRCC Project:

This MLRCC Project is aimed to create audio –video-Ppt based lecture modules in 50 subjects of the University of Mysore. About 5000 modules are to be prepared by the project staff in this year.

The lecture modules delivered by University or college faculty are proposed to be deployed in a web server for on-line and mobile access, by the students. The project staff are responsible for recording and editing videos and create web resources in standard software. Knowledge of creating e-learning resources is needed for all staff.

****** No allowances are admissible in these positions.

Notified with due approval of the University.
