

KARNATAK

UNIVERSITY

**Dharwad 580 003**

**University with Potential for Excellence**

**Focused Area of Research: Antitumor activity an integrated approach**

Karnatak University, Dharwad is one of the six universities identified as “University with Potential for Excellence” and awarded the UPE status by the University Grants Commission under IX<sup>th</sup> Plan. Under the program UGC has identified “Antitumor activity an Integrated approach” as the Focused area of Research to carry out research in the area of Cancer therapeutics and cancer biology involving different disciplines.

Under this program JRF positions are available to work in Biochemistry (two), Botany (one), Chemistry (three; one each for organic, inorganic & physical), Physics (one) and Zoology (one). The fellowship amount will be as per the UGC guide lines and the tenure of the fellowship is initially for two years, extendable after evaluation of the work progress and coterminous with the tenure of the program.

**Eligibility:** Candidates must have M.Sc., degree in respective discipline with minimum 55% marks or equivalent grade. Preference will be given to NET/GATE qualified candidates and an earlier experience in the area will be considered. The selected candidates are encouraged to enroll for Ph.d., degree as per the university norms. Applications on plain paper along with the bio data, passport size photograph mentioning the specialization subject should reach Prof. B.M. Swamy, Program coordinator, UPE-Focused area of Research, Dept. of Biochemistry, Karnatak University, Dharwad 580 003 before **28<sup>th</sup> Feb. 2013.**

Short listed candidates must appear for final selection at their own expenses on the date intimated later.

2<sup>nd</sup> Feb 2013
