

University of Hyderabad conducted its entrance exams from 30-5-16 to 5-6-16 for admission to 113 courses at 37 centres across the country.

There were 1896 seats to be filled for all 113 courses and the break-up of the intake was circulated vide letter dated 17-6-2016. Later, the results were declared for all the courses as per the schedule approved by the Academic Council. The admissions for Integrated and PG courses (Main List, Waiting List and Counselling List) were conducted between 11th to 19th July 2016. Admissions to M.Phil and Ph.D. courses (Main List and Waiting List) were conducted between 5th to 10th August 2016. Besides, the University conducted spot admissions on 29-7-2016 for 20 PG courses, giving an opportunity to all Main List and Wait List candidates of these courses to join in case they now wish to join.

The Controller of Examinations office had been repeatedly calling next available candidates in the waiting list in the respective category as and when the vacancy was arising due to withdrawals.

According to the Academic Calendar, 12-8-2016 was the last date for completing the admissions and accordingly the University presented the statistics. The University could fill 1632 seats out of 1896 which is 86.08%. This includes 14.15% of SCs, 7.35% ST, 25.61% OBC, 2.51% PH and 3.37% D.P. against the seats reserved for these candidates. There were 264 seats lying vacant

Vacancy	GE	SC	ST	OBC	Total
	95	56	21	92	264
(-) Ph.D *	18	06	02	11	37
(-) Other Courses @	32	20	12	42	106
Total	45	30	07	39	121

* - The University offers admission to Ph.D. courses in 4 sessions to fill the remaining vacant seats of July session as mentioned in the Prospectus. This is a regular feature being followed since several years.

@ - There are few courses where no further candidates are available who appeared in the entrance exam and hence University cannot make any further efforts to fill those seats (Except MCA). These courses include M.A. Urdu, M.Tech CS/AI/IT, M.Tech Bioinformatics, M.Tech Materials Engineering, MPA Dance, etc.

From 11-7-2016, the details of withdrawals taking place till 12-8-2016 is as below:

Withdrawals	GE	SC	ST	OBC	Total	PH	DP
	46	25	6	28	110	1	3

The University has no control on the number of withdrawals happening as the candidates are free to choose from various options of courses and Educational Institutions available for further studies. This has caused a great difficulty in filling the vacant seats.

The above statistics was presented before the SC/ST/OBC/PWD Admission Advisory Committee for the Academic Year 2016-17. The Committee is constituted to review and advise the University in matters related to fulfillment of reservation quota in various courses for SC/ST/OBC/PWD. The Committee in order to fulfill the reservation percentages recommended for granting supernumerary seat to 10 SC/ST/OBC/PWD candidates who are next in the waiting list for admission for PG courses. However, the Committee also recommended to grant 4 supernumerary seats to PWD candidates in Ph.D. programmes. The Committee also authorized the Controller of Examinations to fill the remaining seats in the courses where the candidates are available in all categories, latest by 20th August, 2016.

The University is committed to follow the rules of reservation of Government of India for Central Educational Institutions and has been following every year.
