The attention of the candidates pursuant to Notification No.45/2008, whose candidature was rejected vide reference second cited is invited and they are informed that, for furnishing incorrect information and making false declaration regarding their eligibility in the application made on line to the post of Assistant Motor Vehicle Inspector in A.P. Transport Subordinate Service, they were asked to show cause as to why they should not be debarred.

In response, they made representations to the Commission to exclude them from the debarment, as the application on-line was invited for the first time to this recruitment and in absence of knowledge implications of the notification, they have made declaration in the application that they possess the requisite qualifications and physical standards. They requested to consider their case sympathetically as the declarations were made by mistake and not with any malafide intention.

The Commission has examined the issue and taking a lenient view, decided to confine the action only to rejection of their candidature for the said recruitment notification ie., 45/2008, dated.30.12.2008.

Accordingly, the order issued as far as the rejection of their candidature vide reference second cited is confirmed and proposed debarment is hereby dropped.
