

**KURUKSHETRA UNIVERSITY KURUKSHETRA**

Date-Sheet for the B. Tech. Engineering (VIII Semester) (SPECIAL CHANCE)

Examination commencing w.e.f. 9.12.2011.

(THEORY EXAMINATION)

Time of Examination: 9.00 A.M. Onwards (Morning Session)

Examination Centre : A-548, Dinarpur (Ambala) Glaxy Global Educational Trust's  
Group

| <b>DATE &amp; DAY</b>                             | <b>REFERENCE NO. SUBJECT &amp; PAPER</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

|------------------------------|-----------|-----------------------------------------------|
| 19 <sup>th</sup> , Monday    | IT-472    | Date Ware Housing & Data Mining               |
|                              | ECE-426E  | Neuro Fuzzy System                            |
|                              | ECE-428E  | Electronic Switching System                   |
|                              | ECE-430E  | Transducer and Their Applications             |
|                              | EIE-410E  | Remote Sensing                                |
|                              | EE-414E   | Utilization of Electrical Energy              |
|                              | EECT-444E | Non Conventional Sources of Energy Management |
|                              | IC-424E   | Information Theory & Coding                   |
|                              | AEI-424E  | Advance Process Control                       |
|                              | CE-418E   | Ground Water Hydro                            |
|                              | ME-430E   | Energy Management                             |
|                              | ME-432E   | Management Information System                 |
|                              | BTT-424E  | Human Genetics & Human Genome                 |
|                              | CHE-424E  | Membranes Separation Process                  |
|                              | TT-430    | Post Spinning Operations                      |
| 21 <sup>st</sup> , Wednesday | IT-474    | Embedded System                               |
|                              | EIE-414E  | Microprocessor & Interfacing                  |
|                              | EE-416E   | Internet Fundamentals                         |
|                              | EECT-450E | Radio & TV Engineering                        |
|                              | CE-422E   | Environmental Impact Assessment               |
|                              | ME-434E   | Pneumatics & Hydraulics Control               |
|                              | TT-432    | High Performance and Specialty Fibers         |

- NOTES :**
1. On getting a question-paper and before answering it, the candidates should check up & ensure that they have been supplied with the correct question-paper. If the question-paper is not correct they may ask the Centre Superintendent for the same. Complaints in this regard after the examination shall not be entertained.
  2. The Pager/Mobile phone is not allowed in the examination centre at any cost.

KURUKSHETRA
