From the desk of Chairman, CCB (AIEEE-2012)

It gives me great pleasure to extend warm greetings to all the candidates appearing in AIEEE-2012 and to invite all the eligible candidates to participate in the counselling and admission process.

A Central Counselling Board (CCB-2012) with Director, National Institute of Technology, Rourkela as its chairman has been constituted by the Government of India to coordinate admissions to UG degree programmes in Engineering/Technology and Architecture/Planning in respect of all NITs, several IITs, IIITDMS, SPAs and other institutions through a centralized counselling procedure, for the academic session 2012-13.

On the basis of performance in AIEEE-2012, rank lists will be prepared for B.E./B.Tech and B. Arch/ B. Planning separately. Candidates scoring above a certain cut-off percentage of marks (being different for general (Open), OBC, OM (Other Minorities), SC, ST & PH category candidates) to be eligible for counselling shall be determined at the time of AIEEE-2012 result. The endeavour is to make the counselling and admission process candidate-friendly and reduce their anxiety and other procedural difficulties.

Online counselling was started a couple of years ago and is being continuously modified and improved every year. In an effort to further strengthen and improve the process, a few important changes are being introduced in this year's counselling process as given below:

- (i) Provision for fresh registration after Third round.
- (ii) Addition of more reporting/help centres
- (iii) Reduction of one round of seat allotment to minimize the gap between starting of classes and the completion of admission process.
- (iv) Automatic admission to CFIs in spot selection.

All candidates are advised to read the brochure carefully and understand the process clearly before undertaking registration and choice filling. An attempt is being made to provide an online web/power point based tutorial in English and Hindi to explain the online process, so as to enable all the eligible candidates to make use of the online process effectively. CCB-2012 wishes that candidates make judicious choices thereby ensuring that the counselling process concludes smoothly. Candidates after getting an allotment in any one of the institutes are requested to take timely decision, so that in case they vacate the seat, the same can be offered to other eligible candidates.

CCB will bring out important and relevant information from time to time for smooth implementation of counselling. All such information that is periodically updated would be available on CCB website www.ccb.nic.in. Candidates should frequently visit this website, as well as the website of the institution which they are planning to join.

I take this opportunity to wish you the very best in your professional career and future endeavors.

Chairman, CCB (AIEEE-2012)
