

EXERCISE – 4

1. Which primate is closest to man regarding organic evolution : **[CPMT 82]**
(1) Gibbon (2) Gorilla
(3) Sinanthropus (4) Orangutan
2. The prehistori man who lives on earth during late Pleistocene period : **CPMT 82]**
(1) Neanderthal man (2) Australopithecus
(3) Java man (4) Atlantic man
3. Which character applies to Homo sapiens : **[CPMT 81]**
(1) Opposable toe
(2) Large canine
(3) Cranial capacity 1450 cc
(4) Chin prominence absent
4. Fossils of Pithecanthropus have been recovered from : **[CPMT 81]**
(1) China (2) Germany
(3) Java (4) Japan
5. Ancestor of man who first time showed bipedal movement **[CPMT 80]**
(1) Cro-magnon (2) Australopithecus
(3) Java apeman (4) Peking man
6. Homo erectus is biological name of : **[CPMT 80]**
(1) Modern man
(2) Neanderthal man
(3) Java man
(4) Peking and Java man
7. Homo erectus differed from Cro-magnon man in having : **[CPMT 80]**
(1) Jawa protruding out
(2) Tool making
(3) Sloping jaws
(4) Arts and paintings
8. The probable direct ancestor of modern man is : **[CPMT 73, 77, 79]**
(1) Java man (2) Peking man
(3) Cromagnon man (4) Neanderthal man
9. The probable forst prehistoric man was : **[CPMT 79]**
(1) Ramapithecus (2) Homo habilis
(3) Australopithecus (4) Zinjanthropus
10. Which of the following statement is correct : **[NCERT 79]**
(1) Proconsul was ancestor of man and ape
(2) Proconsul was ancestor or man and not of ape
(3) Apes were ancestor of man anatomically
(4) None of the
11. Scientific name of man is : **[CPMT 71, BHU 78]**
(1) Canis familiaris (2) Homo habilis
(3) Homo erectus (4) Homo sapies
12. The first ancestor of man whose fossils have been discovered was **[CPMT 78]**
(1) Pithecanthropus (2) Zinjanthropus
(3) Australopithecus (4) Neanderthal man
13. On which continent maximum fossils of prehistoric man have been found **[CPMT 75]**
(1) Africa (2) Europe
(3) Asia (4) America
14. Most recent man found as fossil was : **[CPMT 73]**
(1) Java man (2) Peking man
(3) Cro-magnon man (4) Hiedelberg man
15. The fossil of primitive man recovered from shivalik hills in India : **[CPMT 75]**
(1) Oligopithecus (2) Parantyhropus
(3) Ramapithecus (4) Propliopithecus
16. What was the cranial capacity of java man : **[CPMT 75]**
(1) 400 cc (2) 650 cc
(3) 900 cc (4) 1450 cc

17. Who discovered Java ape man :
[CPMT 75]
(1) Leakey (2) Mayr
(3) Davidson Black (4) Dubois
18. The proper burial of dead for the first time started with which prehistoric man :
[CPMT 72]
(1) Peking man (2) Neanderthal man
(3) Java man (4) Cromagnon man
19. Evolution of man was possible because our apelike ancestors : [CPMT 75]
(1) Showed bipedal movement on open land
(2) Used fire
(3) Felt difficulty in nutrition
(4) Developed community hunting
20. What is the contribution of W.C.Pei :
(1) He discovered Cro-magnon man
(2) He discovered peking man
(3) He discovered Java man
(4) None of them
21. C. Fuhlrott made an important discovery in evolution and he discovered :
(1) Neanderthal man
(2) Cro-magnon man
(3) Classification of man
(4) Characters of modern apes
22. Cranial capacity of Cro-magnon man was :
(1) 900 cc (2) 1075 cc
(3) 1450 cc (4) 1600 cc
23. Characteristics of primitive monkey which was in the direction of evolution of man :
(1) Thumb parallel to fingers
(2) 32 teeth
(3) Prehensile tail
(4) Flat nose
24. Greatest advantage of bipedal movement : [NCERT 71]
(1) Fore arms becoming free for carrying out order of brain
(2) Greater speed
(3) Support the body properly
(4) Loss of weight
25. Which fossil man had cranial capacity almost equal to modern man : [CPMT 83]
(1) Australopithecus (2) Java ape man
(3) Neanderthal man (4) Peking man
26. Fire for protection and cooking was first used by : [CPMT 84]
(1) Neanderthal man (2) Cro-magnon man
(3) Java man (4) Peking man
27. Coloured rock paintings were first done by : [CPMT 84]
(1) Cro-magnon man (2) Java ape man
(3) Peking man (4) Neanderthal man
28. Largest cranial capacity was found in : [CPMT 86]
(1) Peking man (2) Neanderthal man
(3) Java man (4) Cro-magnon man

EXERCISE -4

ANSWER KEY

Que.	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
Ans.	3	1	3	3	2	4	1	3	2	1	4	3	1	3	3
Que.	16	17	18	19	20	21	22	23	24	25	26	27	28		
Ans.	3	4	2	1	2	1	4	2	1	3	3	1	4
